

Remarks:

The amendments entered to the claims are not intended to disclaim any patentable subject matter, and are to be entered without prejudice or traverse. The claims amended herein are based on the claims reported in the PCT – IPER dated 18.May.2006. The amendments entered address and remove multiple dependencies from the claims of the parent PCT application, present new claims, or to otherwise recast the claims into a form more amenable to US patent practice.

Respectfully Submitted;

Andrew N. Parfomak, Esq.
